Mobile Futures: Poetics, Production and Innovation

Join us for the 6th
International Mobile Innovation Screening
February 7, 6:30 IMA307

The **#MINA2016** International Mobile Innovation Screening features short films produced on smartphones, mobile and pocket cameras from Belarus, Spain, Czech Republic, Israel, Germany, France, Sweden, Australia, New Zealand, Columbia, Canada and the USA. The MINA programme focuses on short films that provide an interesting angle on storytelling and further develop mobile media aesthetics. The **#MINA16 SCREENING** also includes Virtual Reality (VR), Augmented Reality (AR), Drone, Social Media and New Media productions.

The 2016 MINA SCREENING PROGRAMME was created and curated by: Dr. Max Schleser, founder and director of MINA of Swinburne University (Melbourne, Australia), Dr. Gerda Cammaer of the School of Image Arts (Ryerson University) and Dean Keep (Swinburne University).
